2025

AGREEMENT ON STUDENT EXCHANGE PROGRAM BETWEEN POLYTECHNIC UNIVERSITY OF THE PHILIPPINES, THE PHILIPPINES AND _____

This Memorandum of Agreement (MOA) is entered into by and between: **Polytechnic University of the Philippines (PUP)**, a state university of higher learning established on October 1904, with principal office at A. Mabini Campus, Sta. Mesa, Manila, Philippines, represented herein by its University President, **Dr. Manuel M. Muhi**, herein referred as "**PUP**,"

and

_____, a private university of higher learning in _____, located at_____ represented herein by its University President for _____, **Mx.**_____, hereinafter referred to as the "___"

In order to implement a program of student exchange between Polytechnic University of the Philippines (PUP), and _____,the two universities hereby agree to pursue the following exchange activities:

ARTICLE I: DEFINITIONS:
In this Agreement:

1. **HOME university** refers to the university at which the student intends to graduate.
2. **HOST university** refers to the university that has agreed to receive the exchange student on a temporary basis.
3. **ACADEMIC SEMESTER** refers to the following time periods for each university:
    - [Month] to [Month] (Partner UNIV Semester 1);
    - [Month] to [Month] (Partner UNIV Semester 2);
    - September to February (PUP Semester 1);
    - March to June (PUP Semester 2).
4. **ACADEMIC YEAR** refers to two academic semesters.
5. **EXCHANGE STUDENT** refers to a student enrolling for a limited period of time as defined by this Agreement in the HOST university with no requirement to pay tuition or certain fees to that university and who remains a candidate for a degree at the HOME university.

ARTICLE II: PURPOSE

1. The objective of this agreement is to establish specific terms and conditions under which the two universities will conduct undergraduate student exchange. Each student exchange will enable the student to take units (classes) but not to earn credits toward or obtain a degree at the HOST university. In the sole discretion of the HOME university and according to criteria established by HOME university, credits earned at the HOST university will be accepted for credit at the EXCHANGE STUDENT's HOME university. Each HOME university must inform interested students that it will be the responsibility of each student in the exchange to obtain prior approval from his or her HOME university of transfer credit for units taken at the HOST university.

ARTICLE III: EXCHANGE NUMBERS

1. Unless otherwise agreed to in writing by the parties, student exchange will occur on a one-for-one basis. The one-for-one basis shall be deemed satisfied by equal numbers of participating students from each university over a period of three consecutive years. Each university may nominate up to **two students** per application period. Furthermore, the HOST university reserves the right to determine the final number of exchange students it will accept in any semester or academic year based on current balance and future exchange prospects in accordance with applicable law. The absence of exchange during any one academic year does not nullify this Agreement.

ARTICLE III: APPLICATION AND SELECTION OF STUDENTS

1. Undergraduate students who have completed one year of study and are considered in good academic standing at their HOME university may apply to their HOME university to be nominated for participation in an exchange. The HOME university is responsible for the screening of applicants for the exchange and nomination to the HOST university but acceptance in the exchange program is determined by the HOST university.
2. The HOME university will provide the HOST university a list of the students nominated for exchange for the following semester, together with appropriate documents, as required by the HOST university.
3. Once nominations have been approved by the HOST university, HOME university exchange students will send completed exchange applications directly to the HOST university. HOST universities will process applications received and communicate with students about their acceptance and next steps. Students may apply to enroll in any academic courses offered at the HOST university, however, the HOST university will make the final determination on the admissibility of each student to the exchange program and enrollment in each course at the HOST university. Prior to acceptance into the exchange program, the HOST universities designated office (see below) will coordinate with HOST academic departments to confirm that admission requirements, prerequisite coursework, and language proficiency have been met, and the students' course selection is available and appropriate.
4. Any academic credit that the student receives from the HOST university may be transferred back to the home university in accordance with the procedures determined by the HOME university.
5. The participating students will be required to abide by the rules and regulations of the HOST university. Each university reserves the right to dismiss an exchange student at any time for academic or personal misconduct in violation of established regulations. The dismissal of a participant shall not abrogate the agreement or the arrangements regarding other participants.

ARTICLE IV: Financial Responsibilities

1. The HOME university shall inform students interested in the exchange that they will be responsible for all costs and payments associated with the exchange program other than those explicitly set forth in this Agreement as the responsibility of the HOST university or that will be paid by the HOME university. The HOME university shall be obligated to inform candidates of all potential fees before they are accepted.
2. The participating students shall pay normal tuition and fees to their home university in accordance with that university policies. Neither university shall make charges upon the other or upon exchange students for tuition.
3. The participating students shall provide for their own room, board, books, transportation, student health insurance and medical care, passports, visas, and other personal expenses. Both Universities can arrange housing for participating students.

ARTICLE v. OTHER ARRANGEMENT

1. Each host university will issue the appropriate documents for visa issuance in accordance with current laws, although it is the responsibility of the individual student(s) to obtain a visa in a timely manner.
2. Each host university will assume responsibility for furnishing information on housing and health insurance for exchange students.
3. Any request, notice, or other communication under this Agreement must be in writing and delivered either in person, by messenger, courier service, or sent by registered or certified mail with a return receipt requested and postage prepaid, to the respective contact persons:
